

RKPT TECH LTD — One-Page Scrolling Website

Developer Content & Build Brief

Business Services first • Technology second • E-Commerce removed

01. WEBSITE OBJECTIVE

Build one clean, premium, one-page scrolling website for RKPT TECH LTD. The website must position RKPT first as a Business Services and Company Setup partner, and second as a Technology partner.

Primary message: BUSINESS. TECHNOLOGY. COMPLIANCE. GROWTH.

Secondary message: Build. Operate. Transform. Protect. Grow.

Core proposition: We don't just help you register a company. We help you build the infrastructure required to operate, protect and grow it.

Important: Do NOT present RKPT as an e-commerce service provider. Remove all e-commerce services and e-commerce service claims from the website.

02. HEADER / NAVIGATION

Logo: RKPT TECH LTD

Navigation should remain simple because this is a one-page website:

Home | Business Services | Technology | Global Hubs | Industries | About | Contact

Right-side primary CTA: BOOK A CONSULTATION

On mobile: hamburger menu + persistent Book a Consultation button.

Use smooth-scroll anchors to each section.

03. HERO SECTION — FIRST SCREEN

Eyebrow: GLOBAL BUSINESS & TECHNOLOGY SOLUTIONS

Headline:

Build Your Business. Transform Your Operations. Protect Your Future.

Supporting text:

RKPT TECH LTD helps individuals, entrepreneurs, startups and established companies establish, operate and expand across international markets. We combine business setup, compliance, financial and immigration support with IT, AI, software and cybersecurity solutions.

Short trust line:

One Global Partner. Seven Business Hubs.

Primary CTA: BOOK A CONSULTATION

Secondary CTA: EXPLORE OUR SERVICES

Visual direction:

Premium international business/technology look. Use subtle world-map or connected-hub visual. Avoid generic handshake stock photography.

04. GLOBAL HUB SELECTOR

Section title:

One Global Platform. Multiple Markets.

Intro:

Our global hubs connect clients with local business support, compliance guidance and technology capabilities across key international markets.

Display seven clickable hub cards/buttons:

PORTUGAL — EU Business & Company Formation Hub

UK — UK Business & Technology Hub

IRELAND — EU Business & Technology Hub

SWITZERLAND — Swiss Business Hub

USA — North American Business Hub

DUBAI / UAE — Middle East Business Hub

INDIA — Technology & Delivery Hub

Each hub card should link to a future dedicated country page or open a hub-specific enquiry/consultation.

05. BUSINESS SERVICES — MAIN SERVICE SECTION

Section title:

Business Services

Intro:

From company formation to ongoing compliance and international expansion, we help clients establish and operate businesses with a clear, structured approach.

04 TECHNOLOGY-DRIVEN

Practical IT, AI, software, cloud, automation and cybersecurity solutions.

05 MULTI-DISCIPLINARY

Business and technology capabilities designed to work together.

06 INTERNATIONAL

Support for clients operating across multiple jurisdictions.

07 COMPLIANCE-FOCUSED

Structured around applicable local and EU requirements.

08 TRANSPARENT

Clear processes, clear communication and transparent service scope.

09. WHO WE SERVE

Section title:

Built for Businesses at Every Stage

- Individuals and entrepreneurs
- Startups and founders
- Small and medium-sized businesses
- Established companies
- International companies
- Investors
- IT and SaaS businesses
- Professional services firms
- Manufacturing and trading businesses
- Healthcare and life sciences
- Hospitality and tourism
- FinTech and technology businesses

Do not list E-Commerce as a target industry or service.

10. GLOBAL BUSINESS SETUP

Section title:

Global Business Setup

Intro:

Choose the market that fits your business objectives. Our teams and partners support clients across seven international hubs.

PORTUGAL

EU Business & Company Formation Hub

Focus: LDA formation, business setup, accounting/tax coordination, banking, immigration and digital transformation.

UK

UK Business & Technology Hub

Focus: UK company setup, operational support, banking, compliance and technology.

IRELAND

EU Business & Technology Hub

Focus: Irish LTD setup, CRO-related support, EU market access, operations and technology.

SWITZERLAND

Swiss Business Hub

Focus: GmbH/AG setup, cantonal compliance, banking and business support.

USA

North American Business Hub

Focus: US company formation support, business operations, banking/payment coordination and technology.

DUBAI / UAE

Middle East Business Hub

Focus: business setup, licensing coordination, banking, international operations and technology.

INDIA

Technology & Delivery Hub

Focus: technology delivery, software development, IT support, AI, cybersecurity and business technology operations.

Developer note:

Do not publish jurisdiction-specific fees, processing times or immigration promises on the homepage. Those should be verified and presented on dedicated hub pages when needed.

11. ABOUT RKPT

Section title:

About RKPT TECH LTD

RKPT TECH LTD is a global business consulting and technology solutions firm specializing in helping entrepreneurs, startups and established companies establish, expand and operate businesses across international markets.

Our integrated approach combines business, financial, administrative, compliance and IT solutions so clients can focus on growth while we help manage complexity, compliance and operational efficiency.

Vision:

To become a trusted global partner for businesses entering and expanding into international markets by delivering transparent, compliant and technology-driven solutions that enable sustainable growth.

Mission:

- Simplify cross-border business setup and operations.
- Deliver accurate, compliant and customized consulting services.
- Empower businesses through innovative IT and digital solutions.
- Build long-term partnerships based on trust, performance and results.

Core values:

Integrity & Compliance | Client-Centric Approach | Expertise & Precision | Innovation | Transparency

12. CALL TO ACTION

Section title:

15. LEGAL / SERVICE DISCLAIMER

Place a concise disclaimer in the footer with a link to the full Legal Disclaimer:

Information on this website is provided for general information and business-support purposes. Company-formation requirements, tax rules, immigration requirements, licensing conditions, banking requirements and regulatory obligations vary by jurisdiction, business activity and individual circumstances. Government authorities, banks and regulated institutions make their own decisions and may request additional documentation. Processing times are indicative and are not guarantees. RKPT TECH LTD does not guarantee company registration, bank-account approval, tax registration, visa approval, immigration approval or any other third-party decision. Where regulated legal, tax, accounting, immigration or other professional advice is required, RKPT TECH LTD may coordinate with appropriately qualified professionals.

16. DEVELOPER BUILD INSTRUCTIONS

1. Build a single responsive one-page scrolling website as the primary experience.
2. Business Services MUST appear before Technology Services.
3. Remove E-Commerce completely from navigation, services, industries, packages, forms and SEO.

4. Put the seven Global Hub buttons high on the page, immediately after the Hero/intro.
5. Use anchor navigation and smooth scrolling.
6. Every major service should have a short card on the homepage and expand to show the listed service details.
7. Use strong CTA buttons throughout: BOOK A CONSULTATION, REQUEST A QUOTE, EXPLORE OUR SERVICES.
8. Make the seven hubs visually prominent and clickable.
9. Use responsive design for desktop, tablet and mobile.
10. Keep typography clean and premium; avoid overcrowding.
11. Use icons for service categories, but keep them consistent and professional.
12. Use subtle animations only: fade/slide on scroll, hover states and smooth transitions.
13. Include sticky header on desktop and mobile.
14. Include a floating consultation/contact CTA on mobile.
15. Build the contact form so submissions can be connected to CRM/email later.
16. Structure the code so each section can later become its own dedicated page.
17. Use SEO-friendly H1/H2/H3 hierarchy.
18. Add Organization, LocalBusiness/appropriate business structured data only where accurate and supported.
19. Optimise images, lazy-load non-critical media and target strong Core Web Vitals.
20. Make accessibility a priority: keyboard navigation, contrast, alt text, labels and visible focus states.
21. Provide Privacy Policy, Cookie Policy, Terms and Legal Disclaimer pages/links.
22. Do not make legal, tax, immigration or banking guarantees.
23. Do not publish unverified fees or government processing times on the homepage.
24. Ensure all claims about regulated services are framed as support/coordination where appropriate.
25. Create analytics and conversion tracking for consultation clicks, quote requests, form submissions and hub selections.

17. RECOMMENDED VISUAL STRUCTURE

HOME

WHY RKPT

WHO WE SERVE

GLOBAL BUSINESS SETUP

ABOUT RKPT

FINAL CTA

CONTACT FORM

FOOTER / LEGAL

The page should feel like one continuous journey rather than a collection of unrelated blocks.

18. SEO FOUNDATION

Primary positioning keywords:

Business Setup | Company Formation | International Business Setup | Company Formation Portugal | Company Formation UK | Company Formation Ireland | Company Formation Switzerland | US Company Formation | USA Business Setup | Dubai Business Setup | UAE Business Setup | India Business Setup | Business Immigration Support | Business Banking Support | Accounting & Tax | IT Support | AI Integration | AI Business Automation | Software Development | Cybersecurity | International Business Expansion

Important:

Do not use E-Commerce or online-store service keywords because RKPT does not provide that service.
